

RESTORATION HARDWARE T R A D E

residential | hospitality | commercial

OUR TRADE CUSTOMERS

While you may know us as a retailer, our Restoration Hardware-Trade business has completed many trade installations for large Hospitality, Residential and Commercial customers in North America and elsewhere. Our to-the-trade business is relatively new, but it's built on the solid foundation of a successful multi-channel retailer. As many of these trade customers know, we leverage our core business capabilities to add value to your large-scale projects and are open to partnering and delivering creative solutions to make your project a success.
